

## ONE MORE EFFORT

Another Movement Looking  
to Peace in Stockyards  
is Inaugurated.

Sticking Point can be Overcome  
to Satisfaction of All Parties—Work May be  
Soon Resumed.

Chicago, July 19.—One more effort will be made to settle the stockyards strike by arbitration. Today President Donnelly of the striking unions sent to the packers another letter asking for a conference. In this letter Mr. Donnelly went over the history of the strike, and asked the packers if in their judgment it will not be better to concede the point in contention than to continue the strike. The one point to which allusion is to be made is the refusal of the packers to discharge the men they have employed since the commencement of the strike, and give their places to the men who walked out.

The communication to the packers also suggests that it is the belief of the strikers that they are, as old employees, deserving of this consideration. If this offer of the union is rejected by the packers, Mr. Donnelly declares that the allied trades at the stockyards, numbering about 13,000 men, will be called out in an effort to bring the packers to terms. Joseph Morton of the stationary firemen's union called on the packers and notified them that unless there is a speedy settlement of the strike his men will be compelled to quit work. While no definite answer was given Mr. Morton by the packers, he was received by them in such a friendly manner that he left the conference with the belief that there is a strong probability of peace, and the determination of Mr. Donnelly to once more open negotiations with the packers was the result of the manner in which Mr. Morton was received by them. According to reports of the packers, the operating forces at the plants are about one-half the normal strength, being fully 50 per cent larger than last Saturday. All the plants, it was claimed, did a great deal of killing and there was also a decided increase in the amount of dressed meats shipped out of the city.

From the strikers' side came the statement that independent plants are doing all the work and that the big plants are not doing 2 per cent of their normal business.

### A BRUTAL ASSAULT

Strike Breaker at Chicago Beaten  
and Left for Dead.

Chicago, July 19.—Slugged into insensibility by a dozen men and left for dead on the tracks of the Ashland avenue trolley line at West Forty-seventh street, Anton Bartusiakovich, an employe at the Swift packing plant, is dying at the county hospital. His injuries, in the opinion of Inspector Hunt, were inflicted by strike sympathizers and the wheels of a trolley car. The men, according to a witness who has talked to the police, set upon Bartusiakovich as he was going home from work. When they could not make him join the strikers they broke his skull, fractured his jaw, kicked him about the face, head and body and then threw him upon the car tracks. The motorman of a car approaching not long afterward saw the body in time to stop the car, but not before the wheels had crushed the man's shoulder. The injured man was taken to the county hospital. He has not regained consciousness. Mrs. W. Clifford, attracted to her window by the sound of men fighting, saw the attack and declares she can identify several of Bartusiakovich's assailants.

### Strikers in Control.

St. Paul, July 19.—Yesterday at the Swift packing plant in South St. Paul was marked by an ineffectual attempt to get 200 additional laborers into the yards, and a consequent abandonment of the situation by Sheriff Crism of Dakota county, upon whom the Swift managers have relied for protection up to the present time. It is evident that the strikers are in control.

### The Effect in London.

London, July 19.—As a result of the strike of the employees of the great packing houses in the United States States, it is expected that the retail

price of beef will be raised two pence per pound by the end of this week.

### Dock Laborers Strike.

Havana, July 19.—All the unions in the Harbor Workmen's Federation have struck again in sympathy with the stevedores, who had refused to resume work since the other strike was partly settled unless the steamship companies and consignees continue to employ stevedores through the unions, instead of individually. Some incipient fights occurred between the strikers and those who attempted to work. The mayor is again endeavoring to arbitrate the matter.

## GREENSBURG 4 RUSHVILLE 0

Locals Shut out For the Second  
Time in Three Days.

Another shut out, and by Greensburg too! This time as in many other cases, we had a good pitcher, but ragged support at critical times and raw decisions by the umpire made Rushville easy money for the visitors.

The teams lined up for the fray as follows:

Rushville—Uhl, 1b; Morzan, c; Carter, ss; Bevis, lf; Herald, 3b; Preston, rf; Volmer, 2b; Kiser, cf; Martin, p.

Greensburg—Pearson, 1b; Conklin, 3b; Firestone, 2b; Braden, ss; Condiff, cf; Barnes, lf; Cook, rf; Berte, c; Donnell, p.

The Rushville team began the game in a most satisfactory manner. They seemed to be on their toes and ready and willing to win. The new pitcher played in hard luck the first inning. With two out, Firestone and Braden both singled and on an error by Kiser, who fumbled the ball the former scored. After that, however, the pitcher got down to business and pitched a winning article of ball.

The locals had the visitors guessing once when Carter beat out a bunt, went to second on the third baseman's muff of the throw to catch him, stole third and tried to score on the catcher's muff, but was caught on a close decision.

Braden got hurt in the fifth and Barnes took his place and Waybright went to right.

Carter hurt his side in some manner and became too ill to remain in the game, and Volmer went to short, Preston to second and Clark to right field.

In the sixth, Greensburg got another run, on Volmer's error, two stolen bases and a single by Waybright.

In the seventh, Volmer continued to make errors and Kiser took his place and Yazel went to center and Greensburg got two more on the beating of a bunt by Cook, Beate's sacrifice and an error by Yazel in center, followed by one by Preston.

Rushville had several chances to score, but at critical times with men on bases the batters showed their inability to hit Donnell. Martin pitched a good game only four clean hits being made off him, but Rushville failed to stop the losing streak.

Carter, Herald, Uhl, and Bippus made some fine plays in the fore part of the game.

Yazel's umpiring was extremely unsatisfactory and he made several raw decisions in the fifth inning and threatened to retire on account of the roasting he received.

Score by innings:  
1 2 3 4 5 6 7 8 9 R. H. E.  
Rushville—0 0 0 0 0 0 0 0 0—0 2 4  
Greensburg—1 0 0 0 1 2 0 0—4 5 1  
Batteries—Greensburg, Donnell and Berte, Rushville, Martin and Morgan; struck out by Donnell 12, by Martin 7; hit by pitcher, Herald. Umpire, Yazel. Time of game, 1 hour and 35 min. Attendance, 600.

Four large German iron companies have just signed a contract for about 14,000,000 tons of Swedish phosphoric iron ore to be delivered through a series of years. The value of these orders is given at about \$62,500,000.

## More Respect For the Law Is Needed

By WILLIAM TRAVERS JEROME, Dis-  
trict Attorney of New York County

If we are going to have a growing contempt for law simply because it is law, there will be little left to us in this transitional period with which to preserve our government.

I mean that we should respect the law whether it is a wise law or not. We ask whether we do or do not like the existing law. We have the habit of expressing our moral yearnings on the statute books. By rights we should have two kinds of laws—one kind should be on the moral yearning statute book and the other kind on the statute book of laws which were expected TO BE ENFORCED.

The fault I find with the law is not that it doesn't make it easier for the heads of departments to get rid of subordinates, but that it doesn't make it more difficult. As it stands no man who had at heart the welfare of a young man whom he hoped to be honest and clean in his career would recommend him to enter the public service.

PUBLIC SERVICE WHERE THERE IS NO ASSURANCE OF AN HONEST MAN RETAINING HIS OFFICE WILL ALWAYS BE INFERIOR TO THAT IN SUCH A COUNTRY AS ENGLAND.

If a short time ago any man had stood up in this city and said that a \$100,000,000 corporation in the United States of America would forego large profits because it was right for it to do so, do you suppose any one would have believed it to be true? I cannot doubt the good faith of the directory of the Western Union Telegraph company in cutting off the service to pool rooms.

I believe that THE PERCEPTION OF WHAT WAS RIGHT dictated on the part of a majority of that board an action that means a direct and large pecuniary loss to that corporation. It has simply been that there has been an agitation that has BROUGHT FORWARD A PRINCIPLE, and the thing that seemed impossible has come to pass.

It is the same way with the work in the civil service. When you begin to compromise and dicker YOU LOSE THE WHOLE THING. There is no man who knows the people of this community that does not know of the growth of Socialism among us, and I am not saying that the time will not come when that doctrine won't be a just and wise one.

I believe that the Golden Rule will be in every man's conscience, and it won't make much difference what kind of laws we have.

FOR THE PRESENT, THOUGH, UNLESS WE HAVE IN OUR COMMUNITY RESPECT FOR THE LAWS WE ENACT, WE ARE GOING TO DRIFT VERY FAST INTO A PERIOD OF SKEPTICISM WORSE THAN EXISTS TODAY.

## UNSETTLED

Greensboro People Unwilling  
to Accept Theory of  
Suicide.

New Castle, Ind., July 19.—There is a marked division of opinion relative to the Starbuck case, the officers, as well as the general public, disputing as to the cause of death. Coroner Wright of Knightstown is ready to render a verdict of suicide, as previously reported. In this he is backed by Dr. Smith of Knightstown, whose reputation as a physician extends outside the county. Other physicians, both of this county and state, share similar belief; death occurring during an attack of puerperal mania. Meanwhile Sheriff Christopher, Prosecutor Jackson and Detective Curry affirm their belief that the woman was murdered. Many people are unwilling to accept the probability of self-destruction. This is particularly true at Greensboro, where the people are almost a unit in accepting the murder theory, and they are disposed to condemn the coroner for not giving the matter, in their judgment, sufficient investigation. Meanwhile it is apparent that, although ten days have passed since the commission of the crime, if crime was committed, no evidence has developed warranting the conviction of anyone.

### Barber Shaves Towel.

The Hamilton Daily Republican-News of Monday gives an account of a strange delusion under which a local barber suffered as follows:

"Peter Koehler, a well known Main street barber, became suddenly demented about noon today. He locked himself in his barber shop, and imagined that he was shaving a dead man. The dead man he was shaving was nothing more than a towel. Officers Hirderson and Cameron persuaded Koehler to accompany them to the station house and afterwards to the jail, where he was placed in a padded cell. Three or four hundred people watched Koehler shave his supposed dead man. At the police station Koehler said he must hurry back to his shop to finish shaving the dead man."

### Fowler-Chase Case in Chancery.

Indianapolis, July 19.—The attorneys representing the various interests in the legal fight between the Dumes and the Fowlers, the Chases and the Dumes, appeared before Judge Anderson in the federal court and discussed the advisability of placing the questions at issue before a master in chancery. After hearing the attorneys, Judge Anderson announced that the cases would go to Master in Chancery Edward Daniels of Indianapolis. He will review all the previous testimony submitted, hear any further testimony and then render a decision.

### Horrid Ravages of Cholera.

Baku, Russia, July 19.—Refugees from Teheran tell terrible stories of the ravages of cholera. They say that on some days the mortality reached 900. The Europeans are abandoning their property and are fleeing to a camp in the mountains. There is a pitiful condition of affairs at the quarantine stations, which are almost without food. The Russian government has ordered the closing of the frontier for the purpose of preventing the introduction of the disease.

## AN INCREASE

Shown by Abstract of Recent  
Assessment in Rush County

More Polls, More Taxable Prop-  
erty and Mortgage Exemptions Shown by Assessment this  
Year.

The auditor has just completed the abstract of the assessment of property in Rush county this year.

The general assessment shows an increase over last year, but the amount of taxable property is in fact a little less than it was after the State Board had readjusted it last year. The amount of personal property this year is several thousand dollars less, but compared with the original returns of the assessors it is as follows:

	1903	1904
Taxable property.....	\$16,625,820	\$15,782,450
Mortgage exemptions....	394,745	390,065
Polls.....	3,554	3,193

It will be noticed that there is an increase of mortgage exemptions by more than thirty thousand dollars. The number of polls in the county is increased several hundred.

The increase in mortgage exemption increases each year, people taking advantage of it that heretofore thought it would not "pay to bother" with it. This shrinkage, of course, must be made up in some other way, and if taxable property is not put on in its place, it means an advanced rate.

The abstract of the assessments by townships is as follows:

	No. of Polls	Taxable Property	Mort Exem
Ripley.....	187	\$1,122,030	\$28,590

### Shot by an Officer.

While attempting to arrest Elmer Holygross, 30, who wielded a big knife in regular cowboy fashion, Patrolman Maurice Hendy, 60, shot Holygross in the arm at Greenfield yesterday.

Holygross, it is alleged, drew a knife and threatened to kill any one who would attempt to arrest him and then took to his heels. Soon after the officers were called to another part of town, where Holygross was making trouble. On their arrival Holygross was surrounded by the officers and Hendy started to arrest the man when he was attacked with a large knife. Hendy drew his revolver and fired two shots, one of which took effect in the fleshy part of the man's right arm. Three men were required to land him safely behind the bars.

### Narrowly Escapes Death.

A man by the name of Johnson had a narrow escape from death Sunday night about 10:30 o'clock. He had been in Shelbyville, and on his way home, two miles southeast of town, a night passenger train was approaching the city. The horse had started across the track when the engine struck the rig and the horse was thrown a distance of several feet and was instantly killed, while the buggy was completely demolished. Johnson, although badly frightened, escaped with scarcely a scratch.

### Ain't it the Truth?

The Connersville Examiner says: "The Rushville base ball club seems to be in a class with the Manilla and Maury and Dunreith clubs. The villagers couldn't get on to the curves of a metropolitan club."

### Young Girl Suicides.

Theresa Munier, 7, of Kokomo, while despondent over the quarrel and separation of her parents, today ate grass poisoned with Paris green. She is still alive, but will die. The child tried to persuade her sisters, aged 5 and 9, to join her, but failed.

## THIRTY-TWO GOVERNORS

Will be Elected in the United  
States this Fall.

Thirty-two States will elect governors this coming fall. Along with the election of governor and other State officials will go, in nearly every case, the election of a legislature. Eleven of the States—Delaware, Florida, Illinois, Indiana, Missouri, Montana, North Carolina, Utah, Washington, West Virginia and Wyoming—choose the governors for terms of four years, which makes the political prize all the more important. New Jersey will elect a governor for three years, being the only State with a three-year gubernatorial term. Massachusetts and Rhode Island will elect a governor for one year, being the only States with one-year terms. Each of eighteen States—Arkansas, Colorado, Connecticut, Idaho, Kansas, Maine, Michigan, Minnesota, Nebraska, New Hampshire, New York, North Dakota, South Carolina, South Dakota, Tennessee, Texas, Vermont and Wisconsin—will elect a governor for two years. It will be seen that several of the States are among the thirteen which hold national and congressional elections without the stimulus of a gubernatorial contest. These States are Alabama, California, Georgia, Iowa, Kentucky, Maryland, Mississippi, Nevada, Ohio, Connecticut, Idaho, Kansas, Maine, Oregon, Pennsylvania and Virginia.

There were quite a number of fans that had Rushville picked as a winner yesterday.

It's hard to pick the strongest team by the scores they make when playing with other teams. This is demonstrated by the contests Sunday, when the Germans, who had given Greensburg and Rushville good games, were taken into camp 26 to 2 by Greenfield who were defeated unmercifully by Frankfort, which both Greensburg and Rushville have defeated. Then there is the Shelbyville victory over Greensburg. It's all a puzzle.

Manager Geraghty has some pretty good youngsters on his infield, but we agree with Condiff of the Greensburgs on a suggestion by him last night. He said, "Geraghty's infield is made up of fast, anxious players who are bound to make good, but what he needs is an old head at about second base to keep them from losing their heads and making so many misplays just because one error has already been made."

Some one asks why there are twelve jurors and some one answers: Because the prophets were twelve, there were twelve Jewish judges, twelve patriarchs, twelve tribes of Israel, twelve stones in Aaron's breast plates, twelve gates at Jerusalem, twelve signs of the zodiac. When juries were first established, the judge took them around with him in a cart until they agreed. If they failed to agree they were fined and imprisoned.

Hot enough?

Suggestions as to how to avoid sun-  
 stroke are now in order.

"Exclusive news" in Rushville has  
 been contradicted in the next issue  
 every time when printed by a certain  
 paper in this city.

Never mind, you'll get used to it.  
 Anyway, the gas meter does not  
 make that unpleasant buzzing sound  
 this time o' year.

The Republican contains "exclus-  
 ive" news every day. Don't overlook  
 that fact because we don't point it  
 out each time and boast about it.

It's hard to understand how, after  
 the people were acquainted with the  
 facts, the Rev. Elwood Ellis, of Rich-  
 mond, commands the respect of his  
 neighbors and family. He explains  
 his absence by saying that he was sud-  
 denly seized with a desire to travel,  
 and intimates that he doesn't know  
 what has happened since July 5th.  
 The girl, Miss Slick, if not morally  
 any better than the minister, is at  
 least truthful. She says they agreed  
 to leave together and that on their  
 return the minister said he enjoyed  
 the trip very much. Her conduct is  
 the more desirable. She has frankly  
 admitted the facts, and the people can  
 judge her and treat her accordingly.

Under date of March 8, 1904, one W.  
 J. Bryan wrote to every subscriber of  
 "The Commoner" a letter, in which  
 he said: "I am opposed to a surren-  
 der of the Democratic party to organ-  
 ized and predatory wealth. The Kan-  
 sas City platform is a clear and con-  
 cise statement of Democratic prin-  
 ciples, and failure to reaffirm it at our  
 next national convention will be equiva-  
 lent to a return to corporation rule." The  
 same gentleman was a member  
 of the resolutions committee at St.  
 Louis and submitted to the ignoring of  
 the Kansas City platform. What are  
 followers to think about a leader who  
 thus openly advocates his own sur-  
 render to "predatory wealth."

"The Democratic party," according  
 to the St. Louis platform, "has ever  
 protested against the continuance of  
 illegal combinations of capital." And  
 has always contented itself with sim-  
 ply protesting, even during the one  
 period in the history of this country  
 since the war when Democratic lead-  
 ership was charged with responsibility  
 for national legislation and adminis-  
 tration.

## A WARM CANVASS

Indianapolis in the Throes of a Legis-  
 lative Contest.

Indianapolis, July 19.—The list of  
 candidates for Republican nomination  
 for state senator here includes some  
 of the best known party workers.  
 Martin Hugg, Joe Kealing's law part-  
 ner, who was a member of the senate  
 several years, is one of the leading  
 candidates. It is generally believed  
 that he will be nominated. Captain  
 W. E. English, formerly a Democrat,  
 is making a vigorous canvass. Sena-  
 tor Charles N. Thompson, a prominent  
 member of the last two sessions, is  
 asking for renomination and stands a  
 good chance. Charles Martindale,  
 leader of the anti-Bookwalter Repub-  
 licans; Armin Koehne, ex-county  
 treasurer; Charles Roemer, Cass  
 Conaway, and half a dozen others  
 have been working day and night for  
 some time lining up their followers.  
 For representative there are over  
 twenty-five candidates. The prima-  
 riles will be held tomorrow and the  
 convention promises to be the most inter-  
 esting one held here this year.

Indianapolis has probably figured in  
 more presidential and vice presiden-  
 tial notification ceremonies than any  
 other city within the last twelve years.  
 This is due partially to the convenient  
 location of the city, but more largely  
 to the political importance of the  
 state. In 1900 Bryan and Stevenson  
 were notified here. A giant demon-  
 stration was worked up. The object  
 was to enthrone the party workers  
 throughout the state, but it may be  
 recalled here that it failed, as the  
 results of the election proved. In  
 view of this precedent it is not very  
 likely that either of the old parties  
 will attempt to make capital by drag-  
 ging the candidates out of their own  
 backwoods to go through a perfunctory  
 ceremony. The prohibitionists, how-  
 ever, are arranging for the notification  
 of Swallow and Carroll, their presiden-  
 tial and vice presidential candidates,  
 here Friday, and it is very probable  
 there will be a large crowd on hand.  
 The ceremony will take place in Tom-  
 linson hall and party leaders from  
 many states will be present.

Appropos of the Prohls' notification  
 arrangements it may be stated that  
 the leaders of the two old parties are  
 looking on with considerable interest  
 in what the third party has been doing  
 in Indiana for the last year. If the  
 Prohls should hold the balance of  
 power, which side would be more seri-  
 ously affected? The Republican and  
 Democratic leaders here do not con-  
 cede that the Prohls will hold the bal-  
 ance of power, but they realize that  
 for practically the first time some-  
 thing like a system is being used in  
 organizing the Prohl party for the  
 campaign. An attempt has been made  
 to perfect a precinct organization, and  
 in many counties it has been success-  
 ful. Although pretending to conduct  
 politics along a higher moral plane  
 than either of the old parties, the  
 Prohl leaders are not insensible to  
 the value and necessity of the "long  
 green" in the heat of campaign, so  
 they have raised a fund that is said  
 to be growing right along. The Prohl  
 state headquarters here is a busy spot  
 and Felix T. McWhirter, candidate for  
 governor, and others who are on the  
 state ticket are now opening a speak-  
 ing campaign in which they promise  
 to stir up the animals. The Prohl  
 leaders are now predicting that they  
 will poll 40,000 votes. If they do there  
 is no telling what effect it will have  
 on the outcome, but neither of the old  
 party committees will concede that  
 the Prohls have any chance of getting  
 even 20,000.

The call of Chairman Hanna and  
 Secretary Medert of the Populist state  
 committee to members of the party,  
 silver Republicans and all others who  
 have not deserted the Kansas City  
 platform to meet in state convention  
 here Sept. 14 has aroused some inter-  
 est in what the minor parties will do  
 in the ensuing campaign. Your cor-  
 respondent in going over the results  
 of the last four national campaigns  
 finds that the Pops polled a vote of  
 22,000 in 1892, after which they seem-  
 ed to fade away, for in 1900 they had  
 a total of less than 3,500. It is true  
 they fused that year with the Demo-  
 crats, but they nevertheless had a  
 separate state ticket. In 1900 their  
 vote dwindled to less than 1,500, and  
 two years ago it was so insignificant  
 that it is not to be compared with  
 1892. The Pop leaders say there are  
 as many of them as ever, and that  
 with the death of the fusion move-  
 ment they will all come back to the  
 fold, but neither the Republicans nor  
 the Democrats are expecting the Pop-  
 ulist vote to amount to 5,000, while  
 many believe that half that number  
 is a large estimate.

### Mad Scramble for Land.

Yankton, S. D., July 19.—The gigan-  
 tic land rush at Yankton develops  
 into almost a stampede. Thirty-three  
 thousand had registered up to closing  
 last night. The day's record was  
 5,505 and that will be exceeded today.  
 The fever for land seems to have  
 taken possession of thousands who  
 heretofore had not thought of coming  
 here to register. The crush in the  
 city and on trains is simply indescrib-  
 able. Railroad officials say they have  
 more than they can possibly haul to  
 Yankton.

### Four Killed in Riot.

Cluses, France, July 19.—During a  
 riot of strikers here several shots  
 were fired, resulting in the killing of  
 four persons and the wounding of  
 twenty-five. The gendarmes who at-  
 tempted to disperse the rioters were  
 stoned.

## JAPS SCORE AGAIN

Battle of Motien Pass Was a  
 Clear Victory For Mik-  
 ado's Men.

RUSSIANS LOSE 1,000

General Keller Attempts Recon-  
 naissance on Large Scale and Is  
 Driven Back.

Japs Take It For an Offensive Move-  
 ment and Serious Fight  
 Occurs.

London, July 19.—A correspondent  
 at General Kuroki's headquarters says  
 that the Japanese losses during the  
 fighting at Motien pass on July 17  
 were trifling.

St. Petersburg, July 19.—General  
 Kuropatkin reports that Lieutenant  
 General Keller lost over 1,000  
 in killed or wounded in the attack  
 on Motien pass July 17.

St. Petersburg, July 19.—The Rus-  
 sian and Japanese forces which are  
 lined up expecting a clash, grappled  
 in a serious fight Sunday morning, ac-  
 cording to a report from General Ku-  
 ropatkin received here late last night.  
 The report indicated that the Japa-  
 nese misinterpreted the movement;  
 that instead of it being an attempt to  
 take Motien pass it was a reconnais-  
 sance on a large scale.  
 General Keller's account of  
 the fighting does not especially state  
 the number of men engaged, though  
 it shows that the Russian main ad-  
 vance consisted of eighteen battalions  
 with considerable reserves, three bat-  
 talions of the latter being called up  
 during the course of the battle, while  
 still others were not utilized.

An important fact developed by the  
 reconnaissance was the exact loca-  
 tion of a powerful Japanese force se-  
 creted in the region between Fen Shui  
 and Motien passes. Its strength is in-  
 dicated by the fact that twenty-one  
 battalions were insufficient to perma-  
 nently force the Japanese positions,  
 though some of them were occupied  
 temporarily. On the other hand it  
 would appear from the report that the  
 Japanese were either disinclined or  
 unable to follow up Lieutenant Gen-  
 eral Keller when he retired to his  
 former position at Ikhuwan.

The seriousness of the day's fight-  
 ing is shown in General Keller's esti-  
 mate that the Russian casualties were  
 over 1,000.

The battle leaves the general situ-  
 ation unchanged, but shows that a  
 powerful Japanese army is massed  
 and is constantly threatening Liao  
 Yang, apparently only awaiting Gen-  
 eral Kuroki's signal to advance.

General Kuropatkin precedes his re-  
 port of the repulse to General Keller's  
 force with a lengthy state-  
 ment of skirmishes by patrols, which  
 brings events up to July 16. He does  
 not mention any important engage-  
 ment, with the possible exception of  
 the occupation of the heights north  
 of Yaolintza by Cossacks, before a  
 detachment of which the Japanese fell  
 back.

### Russia's Determined Cause.

Aden, July 19.—The captain of the  
 Russian volunteer steamer St. Peters-  
 burg has notified the British residents  
 at Aden to wire the British consuls at  
 Suez and Port Said that he would  
 seize any British steamers bound for  
 the far East if the contents of their  
 packages were not clearly shown on  
 their manifests according to interna-  
 tional law.

### The Feeling in Japan.

Tokio, July 19.—The passage of the  
 Dardanelles by steamers of the Rus-  
 sian volunteer fleet attracts increas-  
 ing attention here. The Japanese  
 press continues to discredit the sup-  
 position that Russia really intends to  
 send naval reinforcements to the far  
 East. Universal joy was caused by  
 the news of the repulse to the Rus-  
 sians at Motien pass.

### John Bull Gets Busy.

Malta, July 19.—The British Med-  
 iterranean fleet has left here for Alex-  
 andria. It is believed that the des-  
 tination of the fleet may be connected  
 with the presence of the Russian vol-  
 unteer fleet steamers in the Red sea.  
 The British cruiser Terrible is said to  
 have sailed from Suez for the purpose  
 of looking after the interests of the  
 British merchantmen.

### Forced Cossacks to Retire.

Sintzintin, Sixty-six Miles East of  
 Mukden, July 19.—There are constant  
 skirmishes in this region between  
 Amur Cossacks and Japanese scouts.  
 The Japanese made an unusually  
 heavy attack on the Russian outpost  
 at Teyanchan, when 100 cavalry and  
 700 infantry rushed the camp and  
 forced the Cossacks to retire.

### Life Sentence for Woman.

Indianapolis, July 19.—After delib-  
 erating upon the evidence that was  
 introduced in the Hicks murder case  
 for twenty hours the jury returned a  
 verdict of guilty in the second degree  
 and recommended that the defendant,  
 Ella Hicks, be sentenced to prison  
 for life. Mrs. Hicks, wife of Frank  
 Hicks, shot Joseph Iddings, a married  
 man, at her home. Jealousy was gen-  
 erally accepted as the motive.

## DEMOCRATS CONFER

Important Meeting Was Held in Dave  
 Hill's Rooms.

New York, July 19.—Leaders of the  
 Democratic party conferred for more  
 than two hours last night in the rooms  
 of former Senator D. B. Hill at the  
 Hoffman house, and at the close made  
 public a statement to the effect that  
 the chairmanship of the national com-  
 mittee had not been discussed. Pri-  
 vately it was said the judgment of all  
 present was that the interests of the  
 party would be best conserved by  
 leaving the committee absolutely free  
 to elect its chairman. Judge Parker  
 was said to favor this course. The  
 conference resulted in an agreement  
 to call a meeting of the national com-  
 mittee to be held at the Hoffman  
 house on July 25. The question of  
 fixing the time and place for the no-  
 tification of the candidates for presi-  
 dent and vice president was left to  
 the candidates themselves.

### Trouble Quieting Down.

Evansville, Ind., July 19.—Sheriff  
 Paine of Cloverport, Ky., is at Steph-  
 en Port, the scene of the race was  
 Sunday, and has a number of deputies  
 there. He thinks the worst of the  
 trouble is over. Negroes continue to  
 leave Stephen Port in large number,  
 and it is believed they will all be  
 gone by tonight.

## A WONDERFUL INVENTION.

It is interesting to note that fortunes  
 are frequently made by the invention of  
 articles of minor importance. Many  
 of the most popular devices are those de-  
 signed to benefit the people and meet  
 popular conditions, and one of the most  
 interesting of these that has ever been  
 invented is the Dr. White Electric  
 Comb, patented Jan. 1, '99. These  
 wonderful Combs positively cure dand-  
 ruff, hair falling out, sick and nervous  
 headaches, and when used with Dr.  
 White's Electric Hair Brush are posi-  
 tively guaranteed to make straight hair  
 curly in 25 days' time. Thousands of  
 these electric combs have been sold in  
 various cities of the Union, and the de-  
 mand is constantly increasing. Our  
 agents are rapidly becoming rich selling  
 these combs. They positively sell on  
 sight. Send for sample. Men's size 35c.  
 ladies 50c.—(half while we are introduc-  
 ing them) The Dr. White Electric  
 Comb Co., Decatur, Ill.

### AN INTERESTING FIGHT

Elkdom Engrossed in Warm Contest for Offices.

Cincinnati, July 19.—The registration for the meeting of the grand lodge and the reunion of the Elks has reached over 15,000, while all the railroads are bringing in special trains. The grand lodge opened with a public session at 10 o'clock this morning in the Music Hall, preceded by an organ recital and other musical numbers. Following the addresses of welcome and responses, the annual reports were presented and the election of officers will lend the animated contests that are going on for grand exalted ruler, grand exalted secretary and other offices. While there have been no material changes, there is a very hard fight being made by the field against what is known as "the administration slate." O'Brien of Baltimore for grand exalted ruler and Robinson of Dubuque for grand exalted secretary are still favorites as the so-called administration candidates, but the election of no one seems to be assured.

### CAUSED BY CARELESSNESS

Awful Wreck on the Erie Could Have Been Easily Prevented.

New York, July 19.—William T. Richards, station operator, and Ernest Heller, rear flagman, were found responsible for the wreck of a train on the Greenwood Lake division of the Erie railroad at Midvale station a week ago, by which sixteen persons lost their lives and fifty were injured. Coroner Blauvelt instituted the inquiry by holding an inquest over the body of Henry Kanzer, who lost his life in the accident. By his own admission Heller did not go back more than 200 or 400 feet at any time after his train stopped and partly retraced his steps. It had also been shown that he held his flag rolled up. Richards knew his signal was out of order and uncertain of action, and was told by an engineer who was on the depot platform that it was not clear. It remained as it was and the crash followed.

### CAN'T DISLODGE HIM

Dietz Continues to Hold Up Chippewa Log Drive.

Chippewa Falls, Wis., July 19.—T. G. Witton and D. D. Peck have visited John Dietz, who is holding up a log drive of the Chippewa Lumber and Boom company in Thorapple river. Officers have not dared not been able to see Dietz since he started the hold-up. Dietz welcomed these citizens, reviewed the case, showing surveys, deeds, abstracts, claims, contracts, etc., and alleged that he was entitled to the property cornered. He said the sheriff did not read an injunction to him, but sent him an unsigned order through the mail. He said he had been repeatedly shot at, but that he had shot no one. He offered to give himself up and agreed to follow Witton and Peck, but his wife tearfully persuaded him not to go, fearing that he might be shot on the way through the woods.

### A Polyglot Denunciation.

Spring Valley, Ill., July 19.—Five thousand miners from Spring Valley, LaSalle, Peru, Oglesby, Ladd, Seatonsville, Marquette, Dupue and Dalzell assembled in Spring Valley to take part in a demonstration denunciation of Governor Peabody of Colorado. There were 10,000 persons present. Governor Peabody was denounced in English, French, Italian, Lithuanian and Polish by the several speakers. Resolutions were passed requesting President Roosevelt to interfere in the Colorado miners' strike.

### Old Differences Adjusted.

Cleveland, Ohio, July 19.—The two factions of window glass workers who have been holding sessions in this city, yesterday formally agreed upon amalgamation, and today met as one body. The new organization will be known as the Amalgamated Window Glass Workers of America.

## OVER THE STATE

### Matters and Things That Attract Attention In Indiana.

### MAY CHANGE THE SLATE

Man Appointed Police Commissioner [at Vincennes Is Said to Have Gone "For Good."]

E. E. Tindolph Who Recently Failed In Business May Not Return to Town.

Vincennes, Ind., July 19.—It is probable that within the next few days Governor Durbin will be asked to revoke the appointment of E. E. Tindolph as police commissioner and that the vacancy will be filled by another man. This is due to a persistent rumor that Mr. Tindolph, who recently failed in business and left the city, will not return. The failure has caused much comment and some sensational developments are expected. Mr. Tindolph's liabilities are estimated to be \$35,000 with but \$3,000 assets. He had been engaged in the lumber business here for three years, and it is alleged that his failure has crippled another concern, besides leaving several well-known citizens to pay notes aggregating \$15,000. Several suits have already been filed against Mr. Tindolph.

### Woman Shoots to Kill.

Lawrenceburg, Ind., July 19.—During a fight in the Oliver construction camp near Manchester, Sarah Simmons, colored, twenty years old, shot James "Sporty" Smith, her lover, in the breast, inflicting a fatal wound. The woman and William Davis, also colored, fled to the hills, and were pursued by Constable Farrell, and there was an exchange of shots, with Davis surrendering to arrest. The woman resisted, but was overpowered. Both were committed to jail to await the death of Smith.

### Seventeen Persons Drowned.

Indianapolis, July 19.—Two drownings have been added to the total recorded in Indianapolis this summer, making seventeen thus far. The unfortunate men were Alexander McGuire, twenty-five years old, and Levi Miller, twenty-five years of age. Both accidents are said to have been the result of foolhardy tricks attempted by the men.

### Jasonville Gets Gas.

Jasonville, Ind., July 19.—A strong flow of natural gas was struck while drilling for water on the David Bonham farm, at a depth of 215 feet. A flow of gas was also struck on the property of Edward Edmunds at a depth of 210 feet, making six gas wells within Jasonville limits. If the flow proves permanent it will be utilized.

### Young Man Held to Answer.

Fort Wayne, Ind., July 19.—Melvin Kyle, thirty years old, son of the postmaster at North Webster, has been arrested in this city charged with stealing \$81, consigned by the North Webster postoffice to the postoffice at Chicago. Kyle gave bond in \$500 for his appearance next Thursday in the federal court here.

### It Was Not a Joke.

Rochester, Ind., July 19.—Clara Wultz, aged twenty-four years, took cramps while in swimming with ten men. He called for help, but the others thought he was in fun and he was drowned.

### Drowned in Old Gravel Pit.

Converse, Ind., July 19.—Julius Smith, fifteen years old, was drowned while bathing in an abandoned gravel pit near here.

### White River Claims Another.

Seymour, Ind., July 19.—Frederick Siery, twenty-five years old, was drowned while bathing in White river.

### Beavers Held Again.

New York, July 19.—George W. Beavers, the indicted ex-postoffice official, was again before United States Commissioner Morol in the district court, Brooklyn, yesterday, and again he was held for trial in Washington.

### TERSE TELEGRAMS

The rush to register on Rosebud land continues. The new salary schedule for rural mail carriers has been completed. Dr. Isaac Roberts, the well known astronomer and geologist, is dead at Crowborough, England.

A new power canal enterprise involving an expenditure of \$10,000,000 is under way at Niagara Falls.

In a fight at the Yellow Creek mines, at Midland, Ky., Archie Legere shot and killed Henry Giles.

Russia is said to be preparing a military program on the basis of a three years' campaign against Japan.

J. Nicholas Perrin has been nominated for congress by the Democrats of the twenty-second district.

The Ancient Order of Hibernians and the ladies auxiliary of that organization is in national convention at St. Louis.

RUSHVILLE, IND., JULY 19, 1904

### LOCAL BREVITIES

The city council meets tonight.

Some action should be taken relative to the low water supply tonight.

Mrs. Susan Tingley is critically ill at her home on West Fifth street.

Frank T. Stewart and Myrtle Vansickle have been granted license to wed.

C. C. Markle shipped a car load of hogs and a car load of cattle to Indianapolis this morning.

Carrie Nation has been making raids in a number of towns near us, but did not honor us with a visit.

The Western Laborer, of Omaha, an influential journal which supported Bryan, has declared for Roosevelt.

The members of the city council were at the water works plant this afternoon looking into conditions there.

Train No. 40 on the C., H. & D. due here at 10:46 a. m., pulled in here this morning with two engines and was thirty-five minutes late.

A party of frog hunters, of which Ed. Beer and Dr. Hunter were members, bagged 131 of the bass singers last night up near Henderson. There were seven in the party.

The case of the First National Bank of Connersville et al. vs. John G. Griffith et al. on petition to apply proceeds of sale of real estate on payment of debts was sent to this county for trial on change of venue from Fayette.

Martin Campbell, a young man aged about 25 years, was shot in the left hip by John Winters, a young man about the same age, at Connersville, shortly before noon yesterday, and was seriously, if not fatally injured. The shooting was the result of a quarrel over a woman.

*Johnson says*

Those CIGARS are always good.

There is never any doubt about getting just the kind of a cigar you want from our cigar case. In the first place we buy nothing but brands that has stood the test of particular smokers. Then we have the variety in colors from light to dark cigars; last but not least, we keep our cigars right—just moist enough.

Shelbyville Republican: Rev. Loren M. Edwards preached two very able sermons at the West street M. E. church Sunday morning and evening.

The Ladies' Aid Society of the Presbyterian church met this afternoon at the home of Mrs. A. J. Gates on West Second street. Mrs. Joseph Cowling was the leader and "The Philippines" was the subject discussed.

The new boilers erected at Innis & Pearce's factory are now complete. They were installed by the Macklevan & Speegel company of Cincinnati, and were begun May 28th. With the new boilers the boiler capacity a the factory is more than double.

Guy McCoy has returned from an eastern trip with a party of Prudential insurance men, all prize winners. Mr. McCoy was away ten days and while away visited New York city and Coney Island and sailed up the Hudson river as far as West Point.

Booth Tarkington, the author, in a letter to his friend C. J. Clark, of Indianapolis, writing from Paris, among other things says: "John K. Gowdy, is the most popular American that ever came to Paris—far more so than Ambassador Porter, and he deserves to be."

The steel rails for the traction line were distributed along the center of the road bed on Third street today. The first spike will be driven as soon as the crushed stone is in position beyond the curve on Morgan street. This may be done tomorrow or Thursday.

Messrs. John Blackledge, Willard Amos, Ab Denning, Alvan Moor and their wives attended a house party given by Mr. and Mrs. Marshall Blackledge, northeast of town, Saturday night. They remained over night and spent Sunday with their host and hostess. They report a fine time.

Jesse Nicholson met with a painful accident at Innis & Pearce's furniture factory about 3:30 yesterday afternoon. He got the forefinger on his right hand caught in a band saw and had it severed below the first joint. He went to the office of Dr. VanOsdol immediately after the accident and the doctor found it necessary to amputate the finger at the first joint.

At New Castle they say that a 12th street young man called on his lady friend on 14th street Sunday evening and during the course of the evening one of the rocking chairs which wasn't built for two, was broken down. The young lady grew angry, her parents more angry, after they learned it, the young man grew much embarrassed and it is understood that he has "lost his happy home." He also had to dig deep into his pocket-book for funds with which to repair the chair.

The sudden sweat that old Sol gave Mother Earth and us poor mortals, Sunday was more noticeable in the slack attendance at church and Sunday school than elsewhere. While it was too hot for many to go to church and Sunday school there was a very large number who thought it none too hot to go on an excursion to Dayton or to Connersville. It got warm at Connersville as the game progressed and judging from the way the Dayton excursion train was packed it lacked many degrees of being chilly.

Cambridge City is having a street carnival this week.

John B. Winship's new house on Fifth street is being plastered this week.

The frame work of Mrs. Nannie Helm's new house on Harrison street was started today.

The building occupied by Casady & Cox's shoe store is being repainted, a medium brown being the color used.

The workmen on the traction line are now hauling the crushed stone and dumping it into the excavations on Morgan street.

Robinson's circus will not appear in Rushville this year, owing to the fact that the circus trust which is showing in this part of the country is fighting them.

The space in the street left by the traction workmen while excavating on Third street, so that the fire department could get out of the engine house was torn out this afternoon.

Every night crowds continue to patronize Swartz's tracemobile which is located on West Third street. Another crowd was on the lot last night and Mr. Swartz was kept busy with his machine from early until late.

A large crowd of the Ladies' Aid Society of St. Paul's M. E. church picnicked this afternoon in Frame's grove, east of town. Well-filled baskets were there in plenty and every one enjoyed a pleasant time.

Greensburg News: "Elmer Sefton has one of the nicest homes between this city and the town of Rushville, to our north. The whole family holds the front door open when a friend calls, showing no doubt of their welcome."

In former years when the water supply was low Stewart Peale, who is an expert with the fire engine was stationed at the engine house so that the engine could be operated in case of fire. Stewart's politics are against any proposition of that kind now however.

The suggestions as to the increase of water supply and saving of it by restricting its use which appeared in our paper yesterday are favorably commented upon by all, and it is thought that the council will take some action on these matters this evening.

The "May Bonita" club were treated to a fifteen-mile ride through the country by Mrs. A. J. Patterson last evening. The following members enjoyed the trip: Mrs. Anna Beachbard, Mrs. A. J. Patterson, Mrs. J. M. Buell, Mrs. Frank Mock, Mrs. Lewis Sexton, Mrs. Edwin Humphrey and Miss Lena Buell.

Fried young chicken, formerly the principal constituent of a picnic dinner, is seen at few out-of-door affairs of this kind this summer. The luscious meat of the savory pullet is high enough to make it a "delicateness" obtainable only after a "stiff" expenditure of coin. The spring season was too damp, the trucksters say, and young ducks and geese in the place of chickens might have been a more profitable investment.—Ex.

Fourteen car loads of crushed stone arrived today for the traction line.

James Davis, who was overcome by heat yesterday noon is much better today.

The little seven-months-old daughter of Ed. Willis, south of town, is very sick.

The work on the traction line is interesting and never fails to attract large crowds along the line.

Burglars are getting bolder than ever at Shelbyville. Several robberies are reported almost every night.

Excavations are being made on the south side of Ninth street, preparatory to putting in the curbing and cement gutter.

The saloon keepers' organization which cut out free lunches at Shelbyville recently have modified their orders and a few crackers or pretzels have been placed where patrons can "nibble" on them.

A lot of gypsies passed through the town this afternoon telling fortunes and offering to trade horses. Their entire outfit was worth but little and the fortunes told were of the old-fashioned live-long-prosper-and-get-rich variety.

### Avoid Being Overcome.

To avoid being overcome by the heat the following rules are laid down by some medical authority:

1. Don't worry.
2. Dress in light-weight clothing.
3. Avoid intoxicating beverages.
4. Eat sparingly and of easily digested food.
5. Drink plenty of pure cool water—no ice water.
6. Keep the pores of the body open by frequent bathing.

### Asks that we Reconsider.

The Greensburg News says: "The Reds went to Rushville this morning, where they play this afternoon and tomorrow. McCord will pitch today and Donnell tomorrow. If the Reds take both games it will be up to Manager Geraghty to disband his team as he said he would some time ago if Rushville was not victorious. We would advise Mr. Geraghty not to go to this extreme. Rushville has and can support a good team. It will be no discredit to that organization if it is defeated by the Reds, for every team that they play classes them as the strongest independent team in the State. A special train will be run from this city to Rushville tomorrow afternoon and a large number of fans will go up to see the game."

Prof. Headlee is preparing a work on the birds that live in Rush county. His work will be published each week in the Republican, beginning next week. Read it and see how little you know of your winged neighbors.

### Employment for Girl.

A girl either with or without experience in the printing business, can find employment at the Republican office.
